## From the Match Director's Saddle

Our June 2018 Cowboy matches were canceled due to weather conditions. Mother Nature did smile upon us in July and our July 2018 Cowboy matches are now in the history books. The weather was decent and we had a nice turnout for Sunday's match.

**Speaking of weather, if the weather for a match is hot and humid, we will allow a relaxed dress code. Please remember during hot and humid weather to drink plenty of fluids and stay hydrated. Also watch your fellow fellow shooters for signs of heat exhaustion. There are times when a person does not realize that they are becoming overcome with the heat.**

Our August Cowboy Matches will be based on Western Movies. Here is your chance to become Wyatt Earp or Rooster Cogburn and a host of other Old West movie characters. Please let us know if you have an idea for a stage scenario or a new sweep you would like to see.

A Wild Bunch Match will be held next Saturday July 14<sup>th</sup>. The Wild Bunch stages are posted on the Bristol Plains Pistolero's website.

On Sunday July 15<sup>th</sup> an open National Congress of Old West Shootist's (NCOWS) Cowboy Action Match will be held at the Bristol Cowboy Range. The main difference between shooting a SASS Match and a NCOWS match is that the targets will be set out further and the penalty for a miss is ten seconds. Why not try NCOWS? You might like it. Just bring along the firearms and gear you normally use for a SASS Match. Please visit the Sweetwater Regulators website at [www.sweetwaterregulators.com](http://www.sweetwaterregulators.com) to view the stages that will be shot at this match or for more information contact Johnny McCrae.

If you have an item you wish to sell or are looking for a specific item to purchase, please contact Johnny McCrae. A few pictures and a description along with your contact information are all that's needed.

It is our goal to provide you with a safe and fun Cowboy Action shooting experience. We welcome your comments and suggestions.
